NEW QUESTION: 3

Muriel has integrated an outline into her database to provide the navigation, and she has verified that the functionality is correct. Instead of displaying the default folder icons to indicate when an outline entry can be expanded, Muriel would like to display a plus sign, similar to what she sees in the Domino Designer interface when looking at the outline of design elements for a database, and similar to what her users see when they open Windows Explorer.

How can Muriel get the desired appearance for her outline?

- A. Open the Embedded Outline properties box from the page on which the outline is embedded.
- B. Create or locate graphics of the plus sign and the minus sign. Copy these graphics as expand.gif and collapse.gif to the server's domino\graphics folder, replacing the default icons.
- C. Open the Outline Entry properties box for each expanded entry. From the Info tab, select Image and select "OS style".
- D. Open the outline and from the Outline properties box, select the Styles tab. Select "Three options". In the options area that now displays, select "Show twisties", and select "OS style".
