#### **NEW QUESTION: 1**

Consider this requirement for a business transaction:  
An employee submits a request to purchase equipment. The request is sent to the manager for review and approval. If approved, the request is forwarded to the Fulfillment department.

If the manager rejects the request, it is sent back to the employee for reconciliation or cancellation.

The Fulfillment department will process the request if the requested items are in stock.

Select the case life cycle design that most closely follows the guidelines for identifying and naming stages.

A:

B:

**Answer: A**

**NEW QUESTION: 4**

After a year of reduced profits, a commuter rail service has

decided to charge a premium for peak hour users. In a media statement released to the public, the rail service company claimed that consumers will benefit from this decision. In what way could consumers benefit from this pricing structure?

- A. The price change makes it more likely that competitors will enter the market.
- B. The pricing structure will increase congestion during peak hours.
- C. The pricing will allow the rail service to continue to serve consumers with lower willingness to pay.
- D. On average, consumers will have a greater share of the value created by the rail service after the price change.

**Answer: C**
