**NEW QUESTION: 1**

Who is responsible for ensuring that information is categorized and that specific protective measures are taken?

- A. The end user
- B. The security officer
- C. Senior management
- D. The custodian

**Answer: C**

Explanation:

Explanation

Routine administration of all aspects of security is delegated, but top management must retain overall responsibility. The security officer supports and implements information security for senior management. The end user does not perform categorization. The custodian supports and implements information security measures as directed.
