Identify the two steps that must be completed when performing Accounting Configuration

- A. Open First Period
- B. Create Legal Entities
- C. Create Reporting Currencies
- D. Create Primary Ledgers

Answer: B,D

Explanation:

The Setup and Maintenance work area in the Oracle Fusion Applications is used to manage the configuration of legal entities, ledgers, and reporting currencies that comprise your accounting configuration. To create a new legal entity or ledger, your implementation consultant or system administrator must create an implementation project. This implementation project can be populated by either adding a financials related offering or one or more task lists.
